

Grade 8 Aboriginal Studies
First Peoples' Cultural Areas
Mr. Braden

There are six geographical regions in Canada. They include the Arctic, Subarctic, Northeast Woodlands, the Plains, Plateau, and Northwest Coast. Each geographical region is unique. The different resources in each region has shaped the culture of the people living there.

Instructions

1. Using the picture on this page, label, then colour (label first), the attached map. Only include labels for the **Arctic**, **Subarctic**, **Northeastern Woodlands**, the **Plains**, **Plateau**, and **Northwest Coast** geographic areas. Combine the Eastern and Western Subarctic into one Subarctic.
2. Included in this package is information on the people who live in the Subarctic. One of these groups is the Ininiw, or Cree, people.

Complete the 'First Peoples' Cultural Areas' page by finding information in the attached pages. Use the headings in table to help you find the information.

OR

If you prefer to research a different cultural area, you can find the information on my Grade 8 webpage located here <https://www.hboierc.com/mr-braden---8-aboriginal-studies.html>. Complete the 'First Peoples' Cultural Areas' sheet by finding information in your chosen cultural area of study.

3. Hand in these assignments with the rest of your homework packages.
