

Digital Pictures 25S

Task 1: Photography Basics.

Go to: <http://digital-photography-school.com/digital-photography-composition-tips/> and read the following articles:

- *Rule of Thirds*
- *Working with Lines in your Photography*
- *Getting Horizons Horizontal*
- *Getting Images Straight*
- *Fill Your Frame*
- *The Importance of Focal Points*
- *Getting Backgrounds Right*

After reading each article, take a camera and go practice what you have learned. Save your pictures.

Put together a PowerPoint presentation that showcases your best photo from each excursion; you should have a pictures that demonstrates learning for each article.

Hand in your PowerPoint!

Task 2: Working with People

Take the *Portrait Posing Guide* and a partner. Take a class and experiment with different portrait poses. Hand in your 10 best shots from the activity.

Task 3: Working with Nature

Read the article on landscape photography found at: <http://digital-photography-school.com/4-rules-of-composition-for-landscape-photography/>

Take a camera outside and practice your landscape photography around the school. Hand in your 10 best shots from the activity.

Task 4: Communication a Message

Go to: <http://www.brainyquote.com> and select a quote that represents a belief or a value.

Plan a photograph that would support/help communicate the message or meaning of the quote.

Take the picture and create a poster that includes your image and the quote in Photoshop CS6.

Print it off! Hand it in and, if you like, print a second copy to take home!

Task 5: Bug your Teacher!

You're done! Remind your teacher to enter the half-credit into your file!
